Module 1: Assignment "AI in My Life Journal"

Total points: 60

Hello class:

The o**bjective** of this assignment is to help you reflect on how Artificial Intelligence (AI) plays a role in your daily life—even in ways you may not have noticed before!

Instructions:

- **Write a Reflection**
  Write a short journal-style reflection (about 300 words) where you describe how AI has impacted your life **this week**.
  Be specific! Include at least **2 examples** of AI-powered tools or services you interacted with.

You might consider:

  - Did you use **Google Maps** or **Spotify**?
  - Did your **phone suggest a text** or organize your photos automatically?
  - Did your favorite shopping app **recommend a product**?

- **Structure Your Assignment**
  Submit your assignment in **Microsoft Word (.doc or .docx)** or **PDF (.pdf)** format.
  At the top of your file, include:

  - Your Full Name
  - Course Title: *[Insert Course Name, e.g., Introduction to AI for Non-STEM Students]*
  - Instructor: *[Insert Instructor Name]*
  - Date
  - Assignment Title: **AI in My Life Journal**

- **Resources Section**
  At the bottom of your file, include a **"Resources Used"** section.

  - List any articles, videos, or websites you used to understand or describe the AI tools in your examples.
  - If you didn't use any external resources, just write: *"None used."*

Submit:

Upload your completed Word or PDF file to this assignment page by **[Insert Due Date]**.

Tips for Success:

- Be honest and personal! This is a reflection, not a research paper.
- Try to think of **how** the AI worked behind the scenes (if you can).
- Use examples from **your real life**—no need to invent anything!

This assignment follows a rubric!

Rubric

Total: 60 points

Criterion	Performance levels	Score
Two specific AI examples Maximum 15 points	**Exceeds expectations (14-15):** Describes at least two specific AI-powered tools or services from the student's week with concrete details. **Meets expectations (11-13):** Describes two relevant AI examples with adequate detail. **Developing (7-10):** Provides one clear example or two examples with limited detail. **Incomplete (0-6):** Examples are missing, vague, or unrelated.	____ / 15
Reflection on personal impact Maximum 15 points	**Exceeds expectations (14-15):** Thoughtfully explains how the examples affected daily life and reflects on the experience. **Meets expectations (11-13):** Explains the impact of the examples and includes personal reflection. **Developing (7-10):** Provides some reflection, but the impact is only partly explained. **Incomplete (0-6):** Reflection or explanation of impact is missing.	____ / 15
Understanding of AI Maximum 10 points	**Exceeds expectations (9-10):** Accurately considers how AI may have worked behind the scenes without overstating certainty. **Meets expectations (7-8):** Shows a generally accurate understanding of the AI involved. **Developing (4-6):** Shows partial understanding or includes minor inaccuracies. **Incomplete (0-3):** Explanation is absent or substantially inaccurate.	____ / 10
Organization and clarity Maximum 10 points	**Exceeds expectations (9-10):** The approximately 300-word journal is coherent, specific, and easy to follow. **Meets expectations (7-8):** The reflection is organized and understandable. **Developing (4-6):** Organization or clarity is inconsistent. **Incomplete (0-3):** The submission is difficult to follow or substantially incomplete.	____ / 10
Format and resources Maximum 10 points	**Exceeds expectations (9-10):** Includes all required identifying information, uses an accepted file format, and provides a complete Resources Used section. **Meets expectations (7-8):** Meets the main formatting and resources requirements with only minor omissions. **Developing (4-6):** Misses one or more required formatting or resources elements. **Incomplete (0-3):** Does not follow the submission format or omits the required resources section.	____ / 10
